Organization

Hallo Welt! was founded to give access to the technologies and concepts of Wikipedia for professional users. Since 2007, we have been building collaborative knowledge platforms for companies - in particular solutions for knowledge management, online documentation and quality management systems.

In close cooperation with our customers and partners, we are constantly developing the wiki technology and opening up new fields of application.

Initial situation and requirements

YourCompany came to us in February 2017 to build a wiki system. MediaWiki was tested as an alternative and was not user-friendly enough. In addition, it lacked many functionalities of BlueSpice.

Installations

Create a new installation profile.
